HOSPITAL**

Community DAY CLUB

*“Enhancing the quality of life in
our community through
professional nursing and related
care within a patient focused
environment.”*

Is your family member bored or
lonely at home all day?

Does your carer duties mean you
sometimes have trouble scheduling
your own appointments?

Would your family member enjoy
the company of other people, and
participating in activities, outings,
crafts and exercises?

We are fortunate to be able to offer
the services of friendly, dedicated
and skilled staff to make sure your
family member enjoys their day with
us.

Transportation within Te Aroha
township is provided to and from
the Day Club. We provide a
delicious home cooked meal at
lunchtime.

Phone us to see if you are
entitled to a subsidy - this could
be free for you. We can assist
you with the process.

Ask for Donna at the Day Club.
